15TH YEAR. NO. 288.

EAST LIVERPOOL, O., FRIDAY, MAY 18, 1900.

TWO CENTS

FROM SALINEVILLE! AN OPEN INSUL

Given to the Intelligent Citizen Voters Residing In Our Sister City.

YOTE FOR GOD AND HUMANITY

The Saloon Devils Dare to Speak of Their Infamous Traffic as a Moral Thing.

GOD PITY THE POOR CREATURES.

Voters of Salineville, do you love your homes, your wives and children, your sons and daughters, your fathers and mothers? Do you love God and our common humanity? Do you love purity and righteousness and truth? If you do, then, in the name of God and home, cast your ballot tomorrow against the infamous saloon and against the men who put out circulars in this town, lauding the liquor traffic and the accursed saloon, and daring to advocate the saloon abomination in the name of morality and good government, stealing the livery of heaven to serve the devii." Read what these liquor devils dared to say in their infamous circu-

"Cast your vote for the sale of intoxicating liquors, and thereby help reduce the rate of taxation and maintain our present good standard of morality."

Men of Salineville, will you let such a base slander and plain lie control you? Will you let the world at large believe that you are so deficient in intelligence and common sense as not to brand the authors of those circulars as agents of the devil, men who have wrestled with the truth and been ignominiously cast down and out.

The one main curse of East Liverpool, Wellsville, Alliance and Steubenville, is the infamous saloon traffic, and the revenue derived therefrom in the shape of the Dow tax, is but a drop in the bucket as compared with the cost and outlay forced upon our citizen taxpayers in consequence of the saloon being in our midst, with its wide open doorways, through whose portals and entrances our best young men of the nation start direct on the road to hell, and from which nothing but mercy and the farreaching hand of God can save them when once started. Hard facts and plain figures show, beyond the shadow of successful contradiction, that for every dollar of taxation saved to the taxpayers by the saloon and liquor traffic, twenty dollars are added to the taxation list paid by each and every citizen. This is a plain, unvarnished truth, backed by the statistics furnished by the government.

Do you want to stand in the presence of God, on the great day of final judgment, and have the Master question you as to the ballot you cast at Salineville on Saturday, May 19, 1900? What will your answer be? Salineville has been given the chance to speak. What will your verdict be? In the name of God and humanity do your duty. Take the blood stains from off your garment; branch of the Alliance and Northern wipe out the saloons of Salineville railroad.

and leave the after results with the Almighty. He is able and willing and eager to help you in every skirmish and battle for the right. Wipe out the saloon. Cast your ballot in favor of your homes, your children and your brother, for you are your brother's keeper.

If you vote the saloon out of Salineville, grass will grow about your sidewalks; but it will grow on the borders of the sidewalks, neatly trimmed and nicely kept, in company with choice flowers and plants, alongside well laid pavements and neatly kept streets, and the blessing of God will surely follow your action and cause your town to prosper and your citizens to rejoice. Do your duty. as you will wish you had done when you stand in the presence of Him who hath declared that "no drunkard shall inherit the kingdom of heaven." and who has said: "Woe be unto him who putteth the bottle to his neighbor's lips to make him drunken."

CONSUL HAY

WHO SUCCEEDED MACRUM AT PRETORIA, S. A. R.,

Reported to Have Changed His Views and Become a Strong Boer

Sympathizer.

Baltimore, Md., May 18 .-- It is rumored that Consul Adelbert S. Hay, son of the secretary of state, who is stationed at Pretoria, has completely changed his opinion as to who is right and who is wrong in the Boer-British war. As is generally understood Hay left the United States with decidedly pro-British views. A Baltimore society man stated yesterday that he saw a letter which Consul Hay had recently written to a relative in Washington, in which he announced himself as ardently in sympathy with Boers in "their struggle to defend their country," and expressed regret that his official position prevented him from making public his feelings on the war question.

BIG DEAL

In Real Estate and the Figures are Said to Be

Fancy.

There promises to be a big deal in real estate in the near future in the immediate vicinity of the Diamond. The price asked for the site is away up in the sky, but the present owners will not take a penny less than the stiff figures asked, and they assert that they can well afford to hold on to the property, as it will no doubt reach a still higher value.

The parties who are talking about purchasing are possessed of ample means, and they are very anxious to secure the site in question, and intend erecting thereon a block of business houses which will cast all other business houses in this vicinity in the

CHESTER CHURCH MAY NOT BE BUILT

The Pittsburg Conference Wants to Keep the Congregation In Their District.

DEBATED AT BEING CHICAGO

Dr. Stewart Is Presenting the Claims-Ohio Conference to Have Recognition

FOR THEIR WORK ON SOUTHSIDE

There is just a possibility that the Methodist Episcopal church, for which a site was recently purchased by the First Methodist Episcopal church, of this city, may not be built, at least not under the plans already proposed.

Chester is in the Pittsburg conference and although the work in Chester has been wholly attended to by the members of the First church, of this city, which is in the eastern Ohio conference, the Pittsburg conference refuses to relinquish the territory to Ohio, as was asked before the boundaries committee at the general M. E. conference now being held in Chicago. The Ohio conference, especially the First church of this city, believes that as the organization of the work in Chester, the purchase of a site and the plans for the new Chester church have all been looked after by them. they should be, in common justice, allowed to continue to have charge of Chester and reap the fruits of their labor. Chester, as a suburb of East Liverpool, is much more closely identified with Ohio than it is with Pittsburg and Pennsylvania. Of course, if the Pittsburg conference insists and secures control of Chester, the work of building a church there will naturally fall upon that conference. and the eastern Ohio conference will be relieved from further anxiety in the matter.

WET OR DRY?

The citizens of Salineville will vote on this question tomorrow, Saturday. They will declare whether or not they desire the saloon to remain in their midst. If they love drunkenness, disorder and crime in this world, with the absolute knowledge that they will be held responsible for the same in the great beyond, they will vote in favor of the drinking dens and their accompanying curse. If they desire clean life, peace and prosperity, with the verdict of "well done, good and faithful servant," when they stand at the judgment seat, they will vote to bar out the saloon, the leading disturber and devil of the age.

CAMERON'S CHANGES

FOR CHAIRMAN OF STATE EXECU-TIVE COMMITTEE.

Are Attracting Attention In Washington-Ryan and Maloy Are His Rivals.

Washington, May 17.—The mention of Hon. Daniel J. Ryan for chairman of the Republican executive committee of Ohio this year is favorably received in Washington. Ryan has given indications that he would not object to enter politics again and this would give him a splendid opportunity.

Besides there is an expression here in favor of a chairman who is not holdstate or federal office.

Both John R. Malloy and Isaac B. Cameron are well fitted to run a state campaign, but both are in office, and while they have plenty of time there is a peculiar feeling that in a presidential year officeholders had best remain in an advisory capacity.

It may be that Mr. Laylin, nominee for secretary of state, now receiver of the First National bank of Lisbon, O., will call on President McKinley after the Philadelphia convention. They will confer regarding the conduct of the campaign in the president's own state-but McKinley will defer to Laylin's personal wishes as regards a chairman. If President McfKinley should express any wish he would naturally feel very kindly toward Dan Ryan. The president has long been anxious to give Ryan some official recognition.

Mr. Ryan as state chairman in a presidential year could gain a prestige which would please the president and entitle Ryan to some high compliment or commission.

Mr. Laylin has also esteemed Ryan for many years. Laylin personally requested Ryan to make the nominating speech in the recent convention at Columbus.

DICKEY IS MODERATOR

Philadelphian Chosen by Presbyterian Assembly.

COMMUNION IMPRESSIVE SERVICE

Presided Over by Retiring Moderator, Rev. Dr. Sample - Rev. Dr. McKibben to Be Chairman of the Judicial Committee-Delegate Fell Dead.

St. Louis, May 18.—The election of a moderator in the Presbyterian general assembly to succeed Rev. Robert F. Sample, D. D., LL. D., afrer a spirited contest, resulted in the choosing of Rev. Charles A. Dickey, D. D., of Philadelphia, president of the Presbyterian hos-

The invocation was made by Rev. Samuel W. Pratt, of Campbell, N. Y. It was then announced that nominations for moderator were in order.

Rev. Joseph G. Reaser, D. D., of St. Charles, Mo., placed in nomination Rev. Charles A. Dickey, D. D., of Philadelphia,

Dr. Reaser, in his nominating speech, eulogized Dr. Dickey, closing by saying that as president of the Presbyterian hospital he had secured \$1,000,000 for that institution. The nomination of Rev. Dr. Dickey was seconded by Rev. George Stewart, D. D., of Auburn, N. Y. Stewart made the statement, which was regarded as significant by the assembly, that Rev. Dr. Dickey was a reprerentative of "advanced orthodoxy" of the church, and would give impartial rul-

ings.
The names of Rev. Daniel Webster
Fisher, D. D., LL. D., president of Hanover college, Indiana, and Rev. William McKibben, D. D., of the Lane Theological seminary, Cincinnati, were put forward and seconded. The rollcall was then called by synods and presbyteries. When the result of the ballot was announced, it was found that 573 votes had been cast, 287 being necessary to a choice. Of these Dr. Dickey received 236, Dr. Fisher 132 and Dr. McKibben 205. As no one had been chosen, Dr. John M. Werrel moved that the stated clerk be requested to cast the ballot of the assembly for Rev. Dr. Dickey. This was voted down, as unanimous consent was necessary. The name of Dr. Fisher was then withdrawn and the second ballot taken. Dr. Dickey received 330 votes and Dr. McKibben 224. Rev. Dr. Dickey was declared elected.

Rev. Dr. Dickey was then ushered to the rostrum and was greeted with hearty applause. The retiring moderator, Rev. Dr. Robert F. Sample, handed the symbols of the church and the gavel to his successor-

In a becoming speech Dr. Dickey thanked his brothers for the honor con-ferred upon him. The benediction was then pronounced by Rev. Dr. Reaser.

The first day's exercises closed with a communion service, held at the Compton and Washington Avenue church last night. This was the first devotional service of the session, and the solemnity of the occasion was impresive upon those in attendance.

The service was presided over by the retiring moderator, Rev. Dr. Sample. He was assisted by Rev. Dr. A. E. Taylor and Rev. Dr. John M. Werral. The bread and wine was served by elders chosen from every synod.

It is stated on the best of authority that Rev. Dr. Dickey, Rev. Dr. William H. Roberts and some friends met and made up the important committees to be announced today. Rev. Dr. Sample will be chairman of the committee on bills and overtures, and by precedent, Rev. Dr. William Mc-Kibben will be chairman of the judicial committee, the most important committee of the assembly, before which will come the appeal in the McGiffert case, the Wartzwiach case and other questions.

REV. DR. ECHOLS

DIED SUDDENLY.

Expired of Heart Disease While Attending Opening Session of Presbyterian Assembly at St. Louis.

St. Louis, May 18.—Rev. William A. Echols, of Middlesport, O., a commissioner to the Presbyterian general assembly, representing the Athens, O., presbytery, dropped dead in the auditorium of the Washington and Compton avenue presbyterian church. He was seated in a pew in the rear of the church when attacked with heart disease. Three physicians tried to resuscitate the minister, but without avail.

Before going to the church he complained of being ill and snmmoned a physician.

Street Railway Strike in Dayton. DAYTON. O., May 18.—Extra police

were added to the force here on account of the strike of the People's Street Railway company's employes, and two officers were put on each car. No cars were running on the Wayne avenue line, and those on the White line were far apart. A waiting station in North Dayton was demolished. Several motormen were assaulted. Men were brought from Cincinnati by the company.

SPELLMYER MAY BE

AN M. E. BISHOP.

Reported Combination Likely to Result in His Election - Some Proceedings of the Conference.

CHICAGO, May 18 .- The quadrennial conference of the Methodist Episcopal church took three more ballots in an endeavor to select two additional members of the board of general superintendents. but without result. The balloting, however, showed many changes, and the ppinion prevailed that at least one of the sistinguished Methodists, who polled but a small vote in the early balloting, will be selected for the highest office within the gift of the church. J. W. E. Bowen. the colored candidate, lost much of his strength, and it is now generally conceded that no colored bishop will be elected at this general conference. Dr. Berry, too, who has been leading in the balloting, lost many of his supporters, especially on the fifth ballot, and his friends are now apprehensive of the final

Almost unanimously the conference voted to abolish dual and triple secretaryships of the various church benevolent societies, a question which has been in dispute for years.

However, it was provided by an smendment that at least one assistant secretary should be employed for each secretary.

The conference voted unanimously to extend fraternal greetings to the Presbyterian general assembly, now in ses-

sion at St. Louis.
Dr. William V. Kelley, of the East New York conference, a leading candidate for bishop, withdrew from the race. He sent word to his friends that he had decided to retire from the field. His withdrawal gave rise to a report of a combination between Dr. Spellmyer and Dr. Berry. According to the story told, the plan is to elect the former as the eastern representative and the latter from the west. If the Kelley vote goes to Spellmyer, the latter may secure the necessary two thirds vote required to elect on the first ballot taken

In the interest of economy, the committee on Book Concern, at its meeting decided to recommend to the general conference the consolidation of three church papers and the removal of the book depository, now located at St. Louis, to Kansas City. The publications to be united under one management are The Central Advocate, St. Louis; the Omaha Advocate, Omaha, and The Rocky Mountain Advocate, Denver. These periodicals will be con-solidated under the name of The Central Advocate, and published at Kansas City, if the general conference concurs in the committee's recommendation.

RAILWAY DISCRIMINATION.

Industrial Commission Reported Rail road Men Acknowledged It Existed.

WASHINGTON, May 18.—The industria commission made a preliminary repor to congress on the subject of transporta tion. The commission states that owing to the incompleteness of its inquiry the commission is not prepared at present to make recommendations to congress or to the state legislatures, but contemplater the making of such recommendations

On the question of discriminations be tween individuals, the report says that the general concensus of opinion among witnesses is that the railways still make them, and perhaps to as great an extent as ever before.

They also say that the evidence is clear that the great terminal elevators in Chicago, and to a less extent in other grain markets, are owned by compara tively few persons, who also own the private elevators and most of the coun

try elevators.
"In view of the quite general acknowledgement among railway men that discrimination in favor of large shippers is still conspicuous, there seems to be a considerable probability that the claim that these large elevators receive favors from the railways in one way or another has some basis."

The evidence seems conclusive that the effect of discrimination has already been disastrous to our milling interests

The conclusian is reached with reference to the powers of the interstate commerce commission that they are more limited than was intended by the framers of the interstate commerce law

Wolcott Opposed In the Senate the Appropriation.

WASHINGTON, May 18 .- The postoffice appropriation bill was considered in the senate. The committee amendment for the extension of the pneumatic tube service created some debate and was under discussion when the measure was laid aside for the day. Mr. Wolcott, chair man of the committee on the postoffiees and the postroads, vigorously attacked the committee proposition to appropri ate \$750,000 for the pneumatic tube service, declaring the extension of the service was unnecessary and the appropriation a waste of public money.

Mr. Mason (Ills.) quite as vigorously supported the proposition. An amend ment of Mr. Butler (N. C.) to reduce by 10 per cent the amount to be paid the railroads for transportation of mail was rejected-11 to 41.

Baldwin, also of the immigration bureau, has been appointed immigrant inspector at Honolulu.

Mr. Homan Dobler, an inspector at New York, will very soon go to Porto Rico to make an examination as to the situation on the island. Congressional action will be necessaty, however, before an immigrant system can be established in Porto Rico.

The majority will doubtless concur in a report and the minority also will agree on some of the general principles involved, although individual views from the minority members may be filed on points on which BOARD OF DIRECTORS. there is not complete agreement.

A River and Harbor Bill Passed.

President Signed Free Home Bill. WASHINGTON, May 18.-President Mc-Kinley signed the free home bill.

BARKER SAW M'KINLEY.

Later He Declared His Nomination Made William Jennings Bryan's

Impossible.

WASHINGTON, May 18 .- Mr. Wharton Barker, the nominee for president of the Cincinnati convention of the Middle-ofthe-Road Populists, called on President McKinley to pay his respects. These gentlemen have known each other ever since the latter entered public life. Later on Mr. Barker said, on being interviewed, that his nomination at Cincinnati makes the nomination of Mr. Bryan by the Democrats impossible. He further said:

In the last presidential election Mr. Bryan received about 6,500,000. Of this number at least 2,000,000 were PopuNsts. This year I will get 1,500,000 or possibly 1,750,000 of that number. This will cut Bryan's vote to 5.000,000 or less. Where is he going to get the other votes necessary to elect him? It is estimated that Mr. McKinley received 1,500,000 votes from the Democratic ranks four years ago. These will not go to Bryan this year to make up his loss of Populist votes. If Gorman or some other eastern man should be nominated by the Democrats this year he would carry New York, New Jersey, Maryland and Delaware in the east, not to count doubtful states elsewhere. The fight this year will not be made on the money question. Transportation, expansion and other live subjects will make up the issues

FOR VOTING FOR CLARK.

A Republican Delegate Stricken From Committee Rolls in Montana.

BUTTE, Mont., May 18.-The Republican state convention met here. J. K. Woods, of Missoula, was made temporary chairman. The success of the Republican party, he said, would make impossible any repetition of the disgraceful fight in the Democratic party, which has made the name of Montana a stench all over the country.

When the list of delegates was reported from the committee on credentials, ex-United States Senator W. F. Saunders moved to strike out the name of State Senator Ben D. Phillips. Phillips voted for W. A. Clark for The motion to strike Phillips from the list was adopted.

The platform commends the administration of McKinley and calls for the re-election of Senator Carter, who was also chosen one of the delegates to Philadelphia.

TOWNE'S STATE FOR HIM.

Said His Name Would Be Presented at Democratic Convention.

CHICAGO, May 18.—Former Congressman Charles A. Towne, of Minnesota, vice presidential candidate on the People's party ticket, passed through Chicago, enroute for Toledo, O., where, as chairman of the national Silver Republican committee, he will confer with Silver Republicans relative to sending a delegation from Ohio to the Kansas City convention.

Mr. Towne would not discuss the possibility of his being nominated for the vice presidency by the Democratic national convention. "I will say, however," said Mr. Towne, "that my name will be presented to the convention, as my state will endorse my candidacy."

PLICHT OF TWO CIRLS

Who Rowed Off With a Skiff Without Securing the Owner's Permission.

NEWS OF THE POLICE COURT.

Last evening two young girls went to the river and found a skiff belonging to Robert Moore and decided to take a skiff ride. They failed to return the skiff and Moore entered a charge against them and Chief Thompson arrested them this morn-

At the hearing the girls stated that they did take the skiff, which they had found untied, but they did not steal it. They said they had rowed out in the river and down a short distance when two boys called to them from the shore and told them that Mr. Moore had sent them after his skiff. The girls rowed to shore and gave the boys the skiff, but they have not put in an appearance with it. Moore says he called to the girls, but they did not bring his skiff back. BECAUSE COSTS WERE NOT PAID

Squire McCarron's asking that security for costs be given was all that prevented Louis C. Kline from making complaint against John Kountz on a charge of assault and battery. Kountz keeps a saloon in the West End, and Mr. Kline and his wife went there yesterday afternoon to look at the property, which is in the hands of a real estate firm for rental. They each drank a glass of beer and then mentioned the object of their call. This was not at all to the liking of Mr. Kountz, and, it is alleged by Kline, that he became abusive, knocked him down and threatened to shoot him or any one else who should attempt to take the property from him. Mr. and Mrs. Kline went to the office of Justice McCarron, who would not take the case without security for costs being given.

GOD PITY THE POOR CREATURES.

Voters of Salineville, do you love your homes, your wives and children, your sons and daughters, your fathers and mothers? Do you love God love purity and righteousness and truth? If you do, then, in the name of God and home, cast your ballot tomorrow against the infamous saloon and against the men who put out circulars in this town, lauding the liquor traffic and the accursed saloon, and daring to advocate the saloon abomination in the name of morality and good government, stealing the livery of heaven to serve the devil." Will you let the world at large believe that you are so deficient in intelligence and common sense as not to brand the authors of those circulars as agents of the devil, men who have wrestled with the truth and been ignominiously cast down and out.

The one main curse of East Liverville, is the infamous saloon traffic and the revenue derived therefrom in the shape of the Dow tax, is but a drop in the bucket as compared with the cost and outlay forced upon our citizen taxpayers in consequence of the saloon being in our midst, with its wide open doorways, through whose portals and entrances our best young men of the nation start direct on the road to hell, and from which nothing but mercy and the farreaching hand of God can save them when once started. Hard facts and plain figures show, beyond the shadow of successful contradiction, that for every dollar of taxation saved to the taxpayers by the saloon and liquor traffic, twenty dollars are added to the taxation list paid by each and every citizen. This is a plain, unvarnished truth, backed by the statistics furnished by the government.

TWO CENTS

FROM SALINEVILLE! AN OPEN INSULT

Given to the Intelligent Citizen Voters Residing In Our Sister City.

YOTE FOR GOD AND HUMANITY

The Saloon Devils Dare to Speak of Their Infamous Traffic as a Moral Thing.

GOD PITY THE POOR CREATURES.

Voters of Salineville, do you love your homes, your wives and children, your sons and daughters, your fathers and mothers? Do you love God and our common humanity? Do you love purity and righteousness and truth? If you do, then, in the name of God and home, cast your ballot tomorrow against the infamous saloon and against the men who put out circulars in this town, lauding the liquor traffic and the accursed saloon, and daring to advocate the saloon abomination in the name of morality and good government, stealing the livery of heaven to serve the devil." Read what these liquor devils dared to say in their infamous circulars:

"Cast your vote for the sale of intoxicating liquors, and thereby help reduce the rate of taxation and maintain our present good standard of morality."

Men of Salineville, will you let such a base slander and plain lie control you? Will you let the world at large believe that you are so deficient in intelligence and common sense as not to brand the authors of those circulars as agents of the devil, men who have wrestled with the truth and been ignominiously cast down and out.

The one main curse of East Liverville, is the infamous saloon traffic, and the revenue derived therefrom in the shape of the Dow tax, is but a drop in the bucket as compared with the cost and outlay forced upon our citizen taxpayers in consequence of the saloon being in our midst, with its wide open doorways, through whose portals and entrances our best young men of the nation start direct on the road to hell, and from which nothing but mercy and the farreaching hand of God can save them when once started. Hard facts and plain figures show, beyond the shadow of successful contradiction, that for every dollar of taxation saved to the taxpayers by the saloon and liquor traffic, twenty dollars are added to the taxation list paid by each and every citizen. This is a plain, unvarnished ger station on Second street. Before truth, backed by the statistics furnished by the government.

The same government states, in plain figures, that one hundred thousand victims of the rum and saloon frequently been asked to have a time traffic go down to drunkards' graves each year. Do you want to help fill those graves? Do you want to stand in the presence of God, on the great day of final judgment, and have the Master question you as to the ballot you cast at Salineville on Saturday, May 19, 1900? What will your answer be? Salineville has been given it owing to ill health. the chance to speak. What will your verdict be? In the name of God and humanity do your duty. Take the blood stains from off your garment; branch of the Alliance and Northern wipe out the saloons of Salineville railroad.

and leave the after results with the Almighty. He is able and willing and eager to help you in every skirmish and battle for the right. Wipe out the saloon. Cast your ballot in favor of your homes, your children and your brother, for you are your brother's keeper.

If you vote the saloon out of Salineville, grass will grow about your sidewalks; but it will grow on the borders of the sidewalks, neatly trimmed and nicely kept, in company with choice flowers and plants, alongside well laid pavements and S. H. CRAY'S NARROW ESCAPE neatly kept streets, and the blessing of God will surely follow your action and cause your town to prosper and your citizens to rejoice. Do your duty. as you will wish you had done when you stand in the presence of Him who hath declared that "no drunkard shall inherit the kingdom of heaven," and who has said: "Woe be unto him who putteth the bottle to his neighbor's lips to make him drunken."

CHESTER CHURCH MAY NOT BE BUILT

The Pittsburg Conference Wants to Keep the Congregation In Their District.

BEING DEBATED AT CHICAGO

Dr. Stewart Is Presenting the Claims-Ohio Conference to Have Recognition

FOR THEIR WORK ON SOUTHSIDE

There is just a possibility that the Methodist Episcopal church, for which a site was recently purchased by the First Methodist Episcopal church, of this city, may not be built, at least not under the plans already proposed.

Chester is in the Pittsburg conference and although the work in Chester has been wholly attended to by the members of the First church, of this city, which is in the eastern Ohio conference, the Pittsburg conference refuses to relinquish the territory to Ohio, as was asked before the boundaries committee at the general M. E. conference now being held in Chicago. The Ohio conference, especially the First church of this city, believes that as the organization of the work in Chester, the purchase of a site and the plans for the new Chester church have all been looked after by them, they should be, in common justice, allowed to continue to have charge of Chester and reap the fruits of their labor. Chester, as a suburb of East Liverpool, is much more closely identified with Ohio than it is with Pittsburg and Pennsylvania. Of course, if the Pittsburg conference insists and secures control of Chester, the work of building a church there will naturally fall upon that conference, and the eastern Ohio conference will be relieved from further anxiety in the matter.

CHESTER CHURCH

The Pittsburg Conference Wants to Keep the Congregation In Their District.

BEING DEBATED AT CHICAGO

Dr. Stewart Is Presenting the Claims-Ohio Conference to Have Recognition

FOR THEIR WORK ON SOUTHSIDE

There is just a possibility that the Methodist Episcopal church, for which a site was recently purchased by the First Methodist Episcopal church, of this city, may not be built, at least not under the plans already proposed.

Chester is in the Pittsburg conference and although the work in Chester has been wholly attended to by the teamsters to stop under half a the members of the First church, of this city, which is in the eastern Ohio conference, the Pittsburg conference refuses to relinquish the territory to Ohio, as was asked before the boundaries committee at the general M. E. conference now being held in Chicago. The Ohio conference, especially the First church of this city, believes that as the organization of the work in Chester, the purchase of a site and the plans for the new Chester church have all been looked after by them, they should be, in common justice, allowed to continue to have charge of Chester and reap the fruits of their labor. Chester, as a suburb of East Liverpool, is much more closely identified with Ohio than it is with Pittsburg and Pennsylvania. Of course, if the Pittsburg conference insists and secures control of Chester, the work of building a church there will naturally fall upon that conference. and the eastern Ohio conference will be relieved from further anxiety in the matter.

WET OR DRY?

The citizens of Salineville will vote on this question tomorrow, Saturday. They will declare whether or not they desire the saloon to remain in their midst. If they love drunkenness, disorder and crime in this world, with the absolute knowledge that they will be held responsible for the same in the great beyond, they will vote in favor of the drinking dens and their accompanying curse. If they desire clean life, peace and prosperity, with the verdict of "well done, good and faithful servant," when they stand at the judgment seat, they will vote to bar out the saloon, the leading disturber and devil of the age.

CAMERON'S CHANCES

FOR CHAIRMAN OF STATE EXECU-TIVE COMMITTEE.

Are Attracting Attention In Washington-Ryan and Maloy Are His Rivals.

Washington, May 17.-The mention of Hon. Daniel J. Ryan for chairman of the Republican executive committee of Ohio this year is favorably received in Washington. Ryan has given indications that he would not object to enter politics again and this would give him a splendid opportunity.

Besides there is an expression here in favor of a chairman who is not holdstate or federal office.

Both John R. Malloy and Isaac B. Cameron are well fitted to run a state campaign, but both are in office, and while they have plenty of time there is a peculiar feeling that in a presidential year officeholders had best remain in an advisory capacity.

It may be that Mr. Laylin, nominee for secretary of state, now receiver of the First National bank of Lisbon, O., will call on President McKinley after the Philadelphia convention. They will confer regarding the conduct of the campaign in the president's own state-but McKinley will defer to Laylin's personal wishes as regards a chairman. If President McfKinley should express any wish he would naturally feel very kindly toward Dan Ryan. The president has long been anxious to give Ryan some official recognition.

Mr. Ryan as state chairman in a presidential year could gain a prestige which would please the president and entitle Ryan to some high compliment or commission.

Mr. Laylin has also esteemed Ryan for many years. Laylin personally requested Ryan to make the nominating speech in the recent convention at Columbus.

DICKEY IS MODERATOR

Philadelphian Chosen by Presbyterian Assembly.

COMMUNION IMPRESSIVE SERVICE SPELLMYER MAY BE

Presided Over by Retiring Moderator, Rev. Dr. Sample - Rev. Dr. McKibben to Be Chairman of the Judicial Committee-Delegate Fell Dead.

Sr. Louis, May 18.—The election of a moderator in the Presbyterian general assembly to succeed Rev. Robert F. Sample, D. D., LL. D., afrer a spirited contest, resulted in the choosing of Rev. Charles A. Dickey, D. D., of Philadelphia, president of the Presbyterian hospital.

The invocation was made by Rev. Samuel W. Pratt, of Campbell, N. Y. It was then announced that nominations for moderator were in order.

Rev. Joseph G. Reaser, D. D., of St. Charles, Mo., placed in nomination Rev. Charles A. Dickey, D. D., of Philadel-

Dr. Reaser, in his nominating speech, eulogized Dr. Dickey, closing by saying that as president of the Presbyterian hospital he had secured \$1,000,000 for that institution. The nomination of Rev. Dr. Dickey was seconded by Rev. George Stewart, D. D., of Auburn, N. Y. Stewart made the statement, which was regarded as significant by the assembly. that Rev. Dr. Dickey was a reprerentative of "advanced orthodoxy" of the church, and would give impartial rul-

The names of Rev. Daniel Webster Fisher, D. D., LL. D., president of Hanover college, Indiana, and Rev. William McKibben, D. D., of the Lane Theological seminary, Cincinnati, were put forward and seconded. The rollcall was then called by synods and presbyteries. When the result of the ballot was announced, it was found that 573 votes had been cast, 287 being necessary to a choice. Of these Dr. Dickey received 236, Dr. Fisher 132 and Dr. McKibben 205. As no one had been chosen, Dr. John M. Werrel moved that the stated clerk be requested to cast the ballot of the assembly for Rev. Dr. Dickey. This was voted down, as unanimous consent was necessary. The name of Dr. Fisher was then withdrawn and the second ballot taken. Dr. Dickey received 330 votes and Dr. McKibben 224. Rev. Dr. Dickey was declared elected.

Rev. Dr. Dickey was then ushered to the rostrum and was greeted with hearty applause. The retiring moderator, Rev. Dr. Robert F. Sample, handed the symbols of the church and the gavel to his

In a becoming speech Dr. Dickey thanked his brothers for the honor conferred upon him. The benediction was then pronounced by Rev. Dr. Reaser.

The first day's exercises closed with a communion service, held at the Compton and Washington Avenue church last night. This was the first devotional BIRD ELECTED MODERATOR. service of the session, and the solemnity of the occasion was impresive upon those in attendance.

The service was presided over by the retiring moderator, Rev. Dr. Sample. He was assisted by Rev. Dr. A. E. Taylor and Rev. Dr. John M. Werral. The bread and wine was served by elders chosen from every synod.

It is stated on the best of authority that Rev. Dr. Dickey, Rev. Dr. William H. Roberts and some friends met and made up the important committees to be announced today. Rev. Dr. Sample will be chairman of the committee on bills and overtures, and by precedent, Rev. Dr. William Mc-Kibben will be chairman of the judicial committee, the most important committee of the assembly, before which will come the appeal in the McGiffert case, the Wartzwiach case and other ques-

AN M. E. BISHOP.

Reported Combination Likely to Result in His Election - Some Proceed-

ings of the Conference.

CHICAGO, May 18 .- The quadrennial conference of the Methodist Episcopal church took three more ballots in an endeavor to select two additional members of the board of general superintendents. but without result. The balloting, however, showed many changes, and the ppinion prevailed that at least one of the tistinguished Methodists, who polled but a small vote in the early balloting, will be selected for the highest office within the gift of the church. J. W. E. Bowen, the colored candidate, lost much of his strength, and it is now generally conceded that no colored bishop will be elected at this general conference. Dr. Berry, too, who has been leading in the balloting, lost many of his supporters, especially on the fifth ballot, and his friends are now apprehensive of the final

Almost unanimously the conference voted to abolish dual and triple secretaryships of the various church benevolent societies, a question which has been in dispute for years.

However, it was provided by an amendment that at least one assistant secretary should be employed for each secretary.

The conference voted unanimously to extend fraternal greetings to the Presbyterian general assembly, now in session at St. Louis.

Dr. William V. Kelley, of the East New York conference, a leading candidate for bishop, withdrew from the race. He sent word to his friends that he had decided to retire from the field. His withdrawal gave rise to a report of a combination between Dr. Spellmyer and Dr. Berry. According to the story told, the plan is to elect the former as the eastern representative and the latter from the west. If the Kelley vote goes to Spellmyer, the latter may secure the necessary two thirds vote required to elect on the first ballot taken

In the interest of economy, the committee on Book Concern, at its meeting decided to recommend to the general conference the consolidation of three church papers and the removal of the book depository, now located at St. Louis, to Kansas City. The publications to be united under one management are The Central Advocate, St. Louis; the Omaha Advocate, Omaha, and The Rocky Mountain Advocate, Denver. These periodicals will be consolidated under the name of The Central Advocate, and published at Kansas City, if the general conference concurs in the committee's recommendation.

RAILWAY DISCRIMINATION.

Industrial Commission Reported Rail road Men Acknowledged It Existed.

WASHINGTON, May 18.—The industria commission made a preliminary repor to congress on the subject of transporta tion. The commission states that owin; to the incompleteness of its inquiry the commission is not prepared at present to make recommendations to congress or to the state legislatures, but contemplater the making of such recommendations

On the question of discriminations be tween individuals, the report says that the general concensus of opinion among witnesses is that the railways still make them, and perhaps to as great an extent as ever before.

They also say that the evidence is clear that the great terminal elevator: in Chicago, and to a less extent in other grain markets, are owned by compara tively few persons, who also own the private elevators and most of the coun try elevators.

"In view of the quite general ac knowledgement among railway men that discrimination in favor of large shippers is still conspicuous, there seems to be a considerable probability that the claim that these large elevators receive favors from the railways in one way or another has some basis.

The evidence seems conclusive that the effect of discrimination has already been disastrous to our milling interests

The conclusian is reached with refer ence to the powers of the interstate commerce commission that they are more limited than was intended by the framers of the interstate commerce law

PNEUMATIC MAIL TUBE SERVICE.

Wolcott Opposed In the Senate the Appropriation.

WASHINGTON, May 18 .- The postoffice appropriation bill was considered in the senate. The committee amendment for the extension of the pneumatic tube service created some debate and was under discussion when the measure was laid aside for the day. Mr. Wolcott, chair man of the committee on the postoffiees and the postroads, vigorously attacked the committee proposition to appropri ate \$750,000 for the pneumatic tube service, declaring the extension of the service was unnecessary and the appropriation a waste of public money.

Mr. Mason (Ills.) quite as vigorously supported the proposition. An amend ment of Mr. Butler (N. C.) to reduce by 10 per cent the amount to be paid the railroads for transportation of mail was rejected-11 to 41.

A Pinkerton detective had been here Later He Declared His Nomination Made William Jennings Bryan's Impossible.

> WASHINGTON, May 18 .- Mr. Wharton Barker, the nominee for president of the Cincinnati convention of the Middle-ofthe-Road Populists, called on President McKinley to pay his respects. These gentlemen have known each other ever since the latter entered public life. Later on Mr. Barker said, on being interviewed, that his nomination at Cincinnati makes the nomination of Mr. Bryan by the Democrats impossible. He further said:

In the last presidential election Mr. Bryan received about 6,500,000. Of this number at least 2,000,000 were PopuNsts. This year I will get 1,500,000 or possibly 1,750,000 of that number. This will cut Bryan's vote to 5,000,000 or This will cut Bryan's vote to 5,000,000 or less. Where is he going to get the other votes necessary to elect him? It is estimated that Mr. McKinley received 1,500,000 votes from the Democratic ranks four years ago. These will not go to Bryan this year to make up his loss of Populist votes. If Gorman or some other eastern man should be nominated by the Democrats this year he would carry New York, New Jersey, Maryland and Delaware in the east, not to count doubtful states elsewhere. The fight this year will not be made on the money question. Transportation, expansion and other live subjects will make up the issues

FOR VOTING FOR CLARK.

A Republican Delegate Stricken From Committee Rolls in Montana.

BUTTE, Mont., May 18.—The Republican state convention met here. J. K. Woods, of Missoula, was made temporary chairman. The success of the Republican party, he said, would make impossible any repetition of the disgraceful fight in the Democratic party, which has made the name of Montana a stench all over the country.

When the list of delegates was reported from the committee on credentials, ex-United States Senator W. F. Saunders moved to strike out the name of State Senator Ben D. Phillips. Phillips voted for W. A. Clark for senator. e motion to strike Phillips from the list was adopted.

The platform commends the administration of McKinley and calls for the re-election of Senator Carter, who was also chosen one of the delegates to Philadelphia.

CHICAGO, May 18.—Former Congressman Charles A. Mr. Towne would not discuss the possibility of his being nominated for the vice presidency by the Democratic national convention. "I will say, however," said Mr. Towne, "that my name will be presented to the convention, as my state will endorse my candidacy."

DICKEY IS MODERATOR

Philadelphian Chosen by Presbyterian Assembly.

COMMUNION IMPRESSIVE SERVICE SPELLMYER MAY BE

Presided Over by Retiring Moderator, Rev. Dr. Sample - Rev. Dr. McKibben to Be Chairman of the Judicial Committee-Delegate Fell Dead.

St. Louis, May 18.—The election of a moderator in the Presbyterian general assembly to succeed Rev. Robert F. Sample, D. D., LL. D., afrer a spirited contest, resulted in the choosing of Rev. Charles A. Dickey, D. D., of Philadelphia, president of the Presbyterian hos-

The invocation was made by Rev. Samuel W. Pratt, of Campbell, N. Y. It was then announced that nominations for moderator were in order.

Rev. Joseph G. Reaser, D. D., of St. Charles, Mo., placed in nomination Rev. Charles A. Dickey, D. D., of Philadelphia,

Dr. Reaser, in his nominating speech, eulogized Dr. Dickey, closing by saying that as president of the Presbyterian hospital he had secured \$1,000,000 for that institution. The nomination of Rev. Dr. Dickey was seconded by Rev. George Stewart, D. D., of Auburn, N. Y. Stewart made the statement, which was regarded as significant by the assembly, that Rev. Dr. Dickey was a reprerentative of "advanced orthodoxy" of the church, and would give impartial rul-

The names of Rev. Daniel Webster Fisher, D. D., LL. D., president of Hanover college, Indiana, and Rev. William McKibben, D. D., of the Lane Theological seminary, Cincinnati, were put forward and seconded. The rollcall was then called by synods and presbyteries. When the result of the ballot was announced, it was found that 573 votes had been cast, 287 being necessary to a choice. Of these Dr. Dickey received 236, Dr. Fisher 132 and Dr. McKibben 205. As no one had been chosen, Dr. John M. Werrel moved that the stated clerk be requested to cast the ballot of the assembly for Rev. Dr. Dickey. This was voted down, as unanimous consent was necessary. The name of Dr. Fisher was then withdrawn and the second ballot taken. Dr. Dickey received 330 votes and Dr. McKibben 224. Rev. Dr. Dickey was declared elected.

Rev. Dr. Dickey was then ushered to the rostrum and was greeted with hearty applause. The retiring moderator, Rev. Dr. Robert F. Sample, handed the symbols of the church and the gavel to his

In a becoming speech Dr. Dickey thanked his brothers for the honor conferred upon him. The benediction was then pronounced by Rev. Dr. Reaser.

The first day's exercises closed with a communion service, held at the Compton and Washington Avenue church night. This was the first d service of the session, and the solemnity of the occasion was impresive upon those in attendance.

The service was presided over by the retiring moderator, Rev. Dr. Sample. He was assisted by Rev. Dr. A. E. Taylor and Rev. Dr. John M. Werral. The bread and wine was served by elders chosen from every synod.

It is stated on the best of authority that Rev. Dr. Dickey, Rev. Dr. William H. Roberts and some friends met and made up the important committees to be announced today. Rev. Dr. Sample will be chairman of the committee on bills and overtures, and by precedent, Rev. Dr. William Mc-Kibben will be chairman of the judicial committee, the most important committee of the assembly, before which will come the appeal in the McGiffert case, the Wartzwiach case and other ques-

AN M. E. BISHOP.

Reported Combination Likely to Result in His Election - Some Proceed-

ings of the Conference.

CHICAGO, May 18 .- The quadrennial conference of the Methodist Episcopal church took three more ballots in an endeavor to select two additional members of the board of general superintendents. but without result. The balloting, however, showed many changes, and the ppinion prevailed that at least one of the tistinguished Methodists, who polled but a small vote in the early balloting, will be selected for the highest office within the gift of the church. J. W. E. Bowen, the colored candidate, lost much of his strength, and it is now generally conceded that no colored bishop will be elected at this general conference. Dr. Berry, too, who has been leading in the balloting, lost many of his supporters, especially on the fifth ballot, and his friends are now apprehensive of the final

Almost unanimously the conference voted to abolish dual and triple secretaryships of the various church benevolent societies, a question which has been in dispute for years.

However, it was provided by an amendment that at least one assistant secretary should be employed for each

The conference voted unanimously to extend fraternal greetings to the Presbyterian general assembly, now in session at St. Louis.

Dr. William V. Kelley, of the East New York conference, a leading candidate for bishop, withdrew from the race. He sent word to his friends that he had decided to retire from the field. His withdrawal gave rise to a report of a combination between Dr. Spellmyer and Dr. Berry. According to the story told, the plan is to elect the former as the eastern representative and the latter from the west. If the Kelley vote goes to Spellmyer, the latter may secure the necessary two thirds vote required to elect on the first ballot taken today.

In the interest of economy, the committee on Book Concern, at its meeting decided to recommend to the general conference the consolidation of three church papers and the removal of the book depository, now located at St. Louis, to Kansas City. The publications to be united under one management are The Central Advocate, St. Louis; the Omaha Advocate, Omaha, and The Rocky Mountain Advocate, Denver. These periodicals will be consolidated under the name of The Central Advocate, and published at Kansas City, if the general conference concurs in the committee's recommendation.

RAILWAY DISCRIMINATION.

Industrial Commission Reported Rail road Men Acknowledged It Existed.

WASHINGTON, May 18.—The industria commission made a preliminary repor to congress on the subject of transporta tion. The commission states that owing to the incompleteness of its inquiry the commission is not prepared at present to make recommendations to congress or to the state legislatures, but contemplater the making of such recommendations

On the question of discriminations be tween individuals, the report says that the general concensus of opinion among witnesses is that the railways still make them, and perhaps to as great an extent as ever before.

They also say that the evidence is clear that the great terminal elevators in Chicago, and to a less extent in other grain markets, are owned by compara tively few persons, who also own the private elevators and most of the coun try elevators.

"In view of the quite general acknowledgement among railway men that discrimination in favor of large shippers is still conspicuous, there seems to be a considerable probability that the claim that these large elevators receive favors from the railways in one way or another has some basis.

The evidence seems conclusive that the effect of discrimination has already been disastrous to our milling interests

The conclusian is reached with reference to the powers of the interstate commerce commission that they are more limited than was intended by the framers of the interstate commerce law

PNEUMATIC MAIL TUBE SERVICE.

Wolcott Opposed In the Senate the Appropriation.

WASHINGTON, May 18 .- The postoffice appropriation bill was considered in the senate. The committee amendment for the extension of the pneumatic tube ser vice created some debate and was under discussion when the measure was laid aside for the day. Mr. Wolcott, chair man of the committee on the postoffiees and the postroads, vigorously attacked the committee proposition to appropri ate \$750,000 for the pneumatic tube service, declaring the extension of the service was unnecessary and the appropriation a waste of public money.

Mr. Mason (Ills.) quite as vigorously supported the proposition. An amend ment of Mr. Butler (N. C.) to reduce by 10 per cent the amount to be paid the railroads for transportation of mail was rejected-11 to 41.

Baldwin, also of the immigration bureau, has been appointed immigrant inspector at Honolulu.

Mr. Homan Dobler, an inspector at New York, will very soon go to Porto Rico to make an examination as to the situation on the island. Congressional action will be necessary, however, before an immigrant system can be established in Porto Rico.

The majority will doubtless concur in a report and the minority also will agree on some of the general principles involved, although individual views from the minority members may be filed on points on which there is not complete agreement.

A River and Harbor Bill Passed.

BARKER SAW M'KINLEY.

Later He Declared His Nomination Made William Jennings Bryan's Impossible.

WASHINGTON, May 18.-Mr. Wharton Barker, the nominee for president of the Cincinnati convention of the Middle-ofthe-Road Populists, called on President McKinley to pay his respects. These gentlemen have known each other ever since the latter entered public life. Later on Mr. Barker said, on being interviewed, that his nomination at Cincinnati makes the nomination of Mr. Bryan by the Democrats impossible. He further said:

In the last presidential election Mr. Bryan received about 6.500,000. Of this number at least 2,000,000 were PopuNsts. This year I will get 1,500,000 or possibly 1,750,000 of that num-This will cut Bryan's vote to 5,000,000 or less. Where is he going to get the other votes sary to elect him? It is estimated that Mr. McKinley received 1,500,000 votes from the Democratic ranks four years ago. These will not go to Bryan this year to make up his loss of Populist votes. If Gorman or some other eastern man should be nominated by the Democrats this year he would carry New York, New Jersey, Maryland and Delaware in the east, not to count doubtful states elsewhere. The fight this year will not be made on the money question. Transportation, expansion and other live subjects will make up the issues

FOR VOTING FOR CLARK.

A Republican Delegate Stricken From Committee Rolls in Montana.

BUTTE, Mont., May 18.—The Republican state convention met here. J. K. Woods, of Missoula, was made temporary chairman. The success of the Republican party, he said, would make impossible any repetition of the disgraceful fight in the Democratic party, which has made the name of Montana a stench all over the country.

When the list of delegates was reported from the committee on credentials, ex-United States Senator W. F. Saunders moved to strike out the name of State Senator Ben D. Phillips. Phillips voted for W. A. Clark for senator. The motion to strike Phillips from the list was adopted.

The platform commends the administration of McKinley and calls for the re-election of Senator Carter, who was also chosen one of the delegates to Philadelphia.

CHICAGO, May 18.-Former Congressman Charles A. Mr. Towne would not discuss the possibility of his being nominated for the vice presidency by the Democratic national convention. "I will say, however," said Mr. Towne, "that my name will be presented to the convention, as my state will endorse my candidacy."

NEWS OF THE POLICE COURT.

Last evening two young girls went to the river and found a skiff belonging to Robert Moore and decided to take a skiff ride. They failed to return the skiff and Moore entered a charge against them and Chief Thompson arrested them this morn-

At the hearing the girls stated that they did take the skiff, which they had found untied, but they did not steal it. They said they had rowed out in the river and down a short distance when two boys called to them from the shore and told them that Mr. Moore had sent them after his skiff. The girls rowed to shore and gave the boys the skiff, but they have not put in an appearance with it. Moore says he called to the girls, but they did not bring his skiff back. The mayor fined the girls \$7.60 each, but they didn't have the cash and were sent back to jail.

Squire McCarron's asking that security for costs be given was all that prevented Louis C. Kline from making complaint against John Kountz on a charge of assault and battery. Kountz keeps a saloon in the West End, and Mr. Kline and his wife went there yesterday afternoon to look at the property, which is in the hands of a real estate firm for rental. Mr. and Mrs. Kline went to the office of Justice McCarron, who would not take the case without security for costs being given.

Griggs Will Ask Congress to Enact N.w Law.

Intended to Make Possible Alleged Embezzler's Extradition to Cuba-Senator Davis Does Not Believe He Could Be Taken Back Under Present Laws.

WASHINGTON, May 18.—The Post to-

Congress must come to the aid of the administration in bringing C. F. W. Neely, the Cuban defaulter, to justice. A new law must be enacted, and enacted at once, which will tighten the government's hold upon him. Every loophole of escape must be closed.

Attorney General Griggs has already made his appeal to congress. He forwarded to Senator Hoar, chairman of the senate committee on the juliciary, and to Congressman Ray, chairman of the similar committee of the house, a bill drawn especially to meet the present situation. He accompanied the bill with a strong letter, pointing out the necessity for its prompt passage. He expresses the hope that the measure be passed without delay.

Principal Charge Against the Arrested Postmaster at Havana.

HAVANA, May 18. - The principal charge against the Havana postmaster, E. P. Thompson, who, with W. H. Reeves, deputy auditor of the island, and Edward Moya and Jorge Mascaro, Cuban clerks in the stamp department, was arrested, will be that he entered a conspiracy with Carrydon Rich, the clerk who has confessed to a knowledge of many of the transactions and who will give evidence for the government. to shield C. F. W. Neely, the arrested financial agent of posts.

Moya and Mascaro admit selling over \$1,800 of an old issue of stamps, through the windows, which were not called for in the requisition.

Thompson says that though he ordered the alteration of certain figures at the request of Rich, still he did so without knowing that they were of a criminal nature. Thompson's bail has been fixed at \$10,000 cash, which was not yet forthcoming.
